GASCOYNE RESOURCES LTD (GCY:ASX)

▼ Descending Continuation Triangle

Trading closed at 0.49 to confirm an Intermediate-Term Bearish Descending Continuation Triangle pattern

Tells Me: The increasingly lower highs and constant lows within this pattern tell us that sellers are more aggressive than buyers, confirmed by a break down through... [more details](#)

TRADE

Target Price Range: 0.43 - 0.45

ABOUT TRADE IDEAS

Trade ideas are based on Technical Events identified by research provider Recognia Inc. Every financial instrument is analyzed after every market close to confirm whether a new chart pattern has formed or technical indicator has triggered a signal, giving immediate insight into the possible direction of the price. The analysis is done for you, with full commentary, so you can find out what the price action is telling you.

This email was brought to you by Bell Direct, an online brokerage dedicated to empowering you, the independent self-directed investor. Trade ideas are provided by Recognia Inc., the industry leader providing actionable investment research products for self-directed investors and traders.
